Breakout Sessions 1 – 10:30 – 11:30		
Session 1A	Session 1B	Session 1C
<p>Ohio ASC Legal Update: 2019 Hot Topics Stacey A. Borowicz Gregory A. Tapocsi</p> <p>Are you aware of all of the changes in Ohio laws that impact your center – and not just the ASC specific ones?</p> <p>This session provides an updates on Ohio cybersecurity and data breach laws, scope of practice, mandatory reporting and related legal considerations to stay compliant.</p>	<p>QAPI And Your Benchmarking</p> <p>Elethia Dean</p> <p>So you benchmark and maybe post results for the Board and staff, but how do you translate that into a QUALITY QAPI study?</p> <p>This session is a hands on approach to writing a QAPI study for accreditation, survey and continuous improvement utilizing your quarterly benchmarking.</p>	<p>Simple Steps for Enhancing Your Productivity</p> <p>Rena M. Courtay</p> <p>Centers are always looking for ways to become more cost efficient. A key to that is productivity. We'll define productivity, review staffing models, understand labor expense, formulate strategies to manage slackers as well as assist team with planning, prioritizing and streamlining their work.</p>

General Session - 1:00 – 2:00

Ohio ASC Update
Randy Leffler,
OAASC

State of the Union for ASCs
Bill Prentice, CEO,
ASCA

Breakout Session 2 - 2:15 – 3:15

Session 2A	Session 2B	Session 2C
<p>Credentialing - Doing It Right and Documenting It Correctly</p> <p>Cathy Montgomery</p> <p>Credentialing standards and processes are often some of the most cited deficiencies in ASC surveys. In this session we'll talk about the difference between credentialing and privileging - and steps will be delineated to ensure compliance, and guidelines will be discussed that protect the ASC and the patient. It is imperative to make certain that your ASC's credentialing program has all of its essential elements in place including processes, documentation and knowledge of Ohio requirements before the inspectors and yes, even lawyers come calling.</p>	<p>Perioperative Temperature Management for ASCs: What's in Your Protocol?</p> <p>Melissa Bailey</p> <p>Many times, patients drop into a hypothermic state at some point during surgery. Even mild hypothermia has been shown to increase the risk for surgical complications.</p> <p>Learn the importance of pre-warming, for short surgical procedures, the impact that anesthetic medications and how evidence-based practices can help you decrease the unintended perioperative hypothermia.</p>	<p>CMS Regulatory Update – What It Means to Ohio ASCs</p> <p>Kara Newbury</p> <p>As usual, CMS has a new payment update for ASC, but if like always it will also include changes in a variety of other areas.</p> <p>Hear the latest update for Ohio centers and what you need to do to prepare financially and possibly clinically for these changes.</p>

Breakout Session 3 - 3:30 – 4:30		
Session 3A	Session 3B	Session 3C
<p>Compliance with CMS Emergency Preparedness Regulation – an Ohio Perspective</p> <p>Kay Vonderschmidt</p> <p>ODH is ratcheting up expectations for emergency preparedness in all health care facilities.</p> <p>Ensure you have all systems in place for your center in this Ohio-specific informational session.</p>	<p>Managing Disruptive Physician Behavior</p> <p>Rena M. Courtay</p> <p>Almost every center has a least one physician or staff member that could be considered disruptive – you know who that is.</p> <p>In this session, learn the definition of disruptive behavior, discuss the problem’s scope, review actual scenarios and examine best practices for dealing with this behavior before it get totally out of hand.</p>	<p>Advanced Case Costing – What You Need to Know for Productivity and Working with Doctors to Reduce Supply and Implant Costs.</p> <p>John Goehle</p> <p>There is only one to ensure that the procedures you are already performing or plan to add are affordable based on your reimbursement and that is make sure your center is doing appropriate case cost analyses. We’ll discuss all the aspects that that need to go into your case cost analysis and share how you can utilize it for efficiencies and reduce overall costs per procedure.</p>
<p>Evening Event 5:00 – 9:00 p.m. Top Golf Columbus</p>		

Sept 19
<p>7:00 – 8:00 Registration, Vendor Visits, Continental Breakfast, and Networking 8:00 – 8:15 Day 2 Welcome Address</p>
