A few words from our Chair...

Another year has passed and you might say that by now we have settled into the "new normal" of the post-COVID world. In some ways it might feel like we've all started over, and keeping that in mind, revisiting the fundamentals for operating the most successful ASC is key. Through it all, we have continued to provide high quality patient care that is safe, cost effective and efficient, while maintaining the high level of patient, physician, and employee satisfaction that ASCs are known for.

In keeping with the OAASC's tradition of "something for everyone" you will see that we have a vast array of speakers on various subjects that we all deal with daily. Whether it be you, your nurse manager, your business office manager or one of your team members, you will all find something that relates to your area of expertise.

In addition to our clinical and business-based breakouts, we have a preconference workshop devoted to Infection Prevention. Not only will this track meet your CMS and Accreditation Organization IP Education requirements, but it will also provide you with pertinent information that will help take your IP program to the next level.

And of course, you don't want to forget about our expanded vendor area! It will be filled with incredible exhibitors sharing information about about new products and services. Better yet, you might possibly win some prizes!

On behalf of the Board of Trustees of the OAASC, I look forward to seeing you in November for what promises to be yet another outstanding conference.

Roger Alban, RN, BSN
OAASC Chair

Tuesday, November 12

INFECTION PREVENTION PRECONFERENCE WORKSHOP

8:00 AM - 11:20 AM Morning Session:

Our preconference workshop starts with an in depth look at current important topics that such as cleaning verification for your sterile process department, visual inspection of lumened instrumentation and additional related subjects. Presented by Kevin Anderson MBA, BSN, RN, CNOR, CRCST, CHL, CIS, CER, Clinical Education Specialist with Healthmark.

11:20 AM - 12:10 PM Lunch Break

Lunch is provided for attendees.

12:10 PM - 3:20 PM Afternoon Session:

Ongoing infection control training is a must for every ASC infection control coordinator. Crowd favorite, Elethia Dean, returns to provide a training session that was recently utilized in an Ohio ASC to meet compliance with this Medicare requirement. This course is a must for every ambulatory surgery center.

.....

There is ONLY **ONE** place in Ohio to get AFFORDABLE training and resources needed for your center AND address the most common issues cited in Ohio by inspectors. No need to travel to expensive trainings out of state when you can receive ALL that you need for your center here.

Attendance will meet CMS and ODH requirements for infection prevention continuing education. All participants will receive a certificate of participation, information for in-service training and continuing education. And most importantly, you will have what you need for the highest quality of care for your patients on infection prevention in your center.

This continuing education activity has been submitted to the Ohio Nurses Association to award contact hours. The Ohio Nurses Association is an Ohio Board of Nursing approver of continuing education. (OBN-001-91) If you have questions, please contact the OAASC office at 614.358.0177.

An application has been submitted to the American Association of Professional Coders for CEs for the program. This program has also been submitted to BASC for approval of AEU contact hours and IPCH contact hours by BASC Provider #6228. If you have questions, please contact the OAASC office at 614.358.0177.

KEYNOTE SPEAKER

Tim Richardson is a nationally recognized leadership, sales and service speaker who's been entertaining and engaging audiences for over 30 years. In his dynamic presentations, Tim weaves the lessons he's learned working on a sales team with IBM, working in management with an award-winning resort, and from years of consulting with clients in financial services, healthcare, hospitality, insurance, telecommunications, and many other industries into his presentations. Clients like Abbott, Erie Insurance, Merrill Lynch, Nabisco, Nokia, Sprint, and State Farm Insurance hire Tim to help their leaders and teams maximize peak performance in sales, leadership, and customer experience.

He has been a keynote speaker to hundreds of associations and companies around the globe. Tim is the author of Jump Starts, Wit, and Wisdom to Super Charge Your Day and co-author of Transformation Thinking. (He is working on a book series themed around his Unlock the Block programs.)

He's a member of the National Speakers Association and earned the coveted CSP (Certified Speaking Professional) designation over 20 years ago. When Tim received his CSP, less than 6% of the worldwide members had earned this award, the highest earned designation in the industry.

He founded the Bill Walter Melanoma Research Fund and served as President of the foundation for 20 years. Tim and his wonderful wife Adele have been married more than 30 years and are the proud parents of six kids and one adorable granddaughter.
